## Free Standing Organdy Leaves

(The following instructions apply to designs FS365\_48 through FS369\_48)

Create a stack of beautiful free standing leaves to scatter about your home this fall. Change these five leaves into an endless rainbow of leaves by simply changing your thread colors and organdy colors; even use multiple colors of organdy in one leaf. There are so many combinations you'll soon be looking for a rake!

1. Hoop one layer of water soluble mesh stabilizer.
2. Lightly spray stabilizer with temporary spray adhesive.
3. Adhere a layer of organdy or organza to sprayed stabilizer.
4. Attach hoop to machine and stitch desired design.
5. When design is complete simply trim around stitched edges of leaf being careful not to cut the stitching.
6. Dissolve remaining stabilizer by rinsing leaf well in warm water. Allow to dry.
