White-tailed Buck Tiling Scene

Instructions

This outdoor scene features a white-tailed buck. The tiles are 8" x 8" for a large format hoop and 5 1/2" x 5 1/2" for a smaller format hoop. Add the border for additional design appeal. The tiling scene is a great gift for the outdoors person.

Supplies

NOTE: Supplies listed are for a large format hoop, less fabric is required for the smaller tiling scene.

- OESD Embroidery Collection White-tailed Buck Tiling Scene #12570
- Embroidery thread
- Bobbin thread
- Temporary Spray Adhesive
- Heavy weight tear away stabilizer
- 1 yd. off-white fabric (blocks)
- 2 1/2 yds. dark brown fabric (border, backing and binding)
- 2/3 yd. OR 24" x 32" cotton batting
- Curved basting safety pins

Cut

- (1) 24" x 32" dark brown fabric (backing)
- (3) 2 1/4" strips dark brown fabric (binding)

Embroidery

NOTE: To make the jumbo size tiling scene use design files 12570-01 through 12570-08. To make the smaller hoop size tiling scene use design files 12570-09 through 12570-16.

- Embroider one of each design file for appropriate hoop for the scenic center of the wall hanging on the off-white fabric using two layers of heavy weight tear away stabilizer in each hooping. Be sure to use temporary spray adhesive to adhere all layers of stabilizer and fabric together for best stitch results.
- Embroider border pieces on dark brown fabric: **Refer to Diagrams**
 - 4 x corner 12570-07 or 12570-15
 - 10 x border 12570-08 or 12570-16
- The last thing that will stitch in each of these designs is a border that is referred to on the thread chart as "Seam". This stitch is very important in the process of assembling the wall hanging. It is vital that it is not skipped when embroidering. Stitch this in a thread color that will blend with the background fabric.
- Once the embroidery process is complete, trim away excess fabric by cutting 1/4" away from the "Seam". This process is easily done using a rotary cutter and ruler.

NOTE: It may be easier to cut with the back of the block showing since the "Seam" was stitched in a thread color that blended in with the background fabric. **PHOTO 1**

8" x 8" Hoop Diagram

5 1/2" x 5 1/2" Hoop Diagram

Construction of Blocks

- After each block has been trimmed, lay out the pieces near your machine so that it is easy to put the blocks together.
Refer to Diagrams
- Right sides together and pressing seams as you go, use a 1/4" seam allowance, or simply stitch directly on top of the seam stitch that stitched last during the embroidery process and stitch together the scenic center forming rows.
- When the above step is complete you will have three stitched rows. **PHOTO 2**
- Stitch the three rows together in the same manner to complete the scenic center of the wallhanging. Make sure as you sew that your intersections line up between the rows. **PHOTO 3**
- Right sides together and pressing seams as you go, use a 1/4" seam allowance, or simply stitch directly on top of the seam stitch that stitched last during the embroidery process and stitch three border pieces short end to short end for both long sides. Stitching in the same manner, stitch two corner and two border pieces short end to short end forming top and bottom border rows following diagram. **PHOTO 4**
- Continuing in the same manner, stitch a border to each long side of the scenic center. Stitch the top and bottom border rows to the top and bottom of the scenic center. **PHOTOS 5 & 6**
- Layer a quilt sandwich, by placing back wrong side up, cotton batting, and the tiling scene right side up. Use curved safety pins or temporary spray adhesive to baste the layers together.
- Quilt as desired. In our sample we simply stitched in the ditch.
- Square up the quilt, this is trimming the quilt until the sides are equal. This prepares the quilt for stitching on the binding.
