OESD™ **PREMIER** COLLECTION

The applique instructions included in the collection are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown. Fabric and thread requirements will vary by design, but the general technique is the same.

Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.

Instructions use designs 12961-11 and 12961-12.

STEP 1

- Print the mirrored version of the templates (at 100% scale or 1:1 ratio) onto the paper side of Applique Fuse and Fix.
- Cut approximately ¼" – ½" outside the printed applique templates.
## STEP 2

- Cut the applique fabric 1/4"-1/2" larger than the applique templates.
- Fuse the trimmed templates to the back of the applique fabric with the paper side of the printed template up.
- Hold the iron on the template for 10-15 seconds for a secure fuse.
STEP 3

- Trim the applique fabric on the edge of the black outline.
- Set aside.

STEP 4

- Print the designs on StabilStick Template Sheets.
- Trim template sheets approximately 1" outside the design.

STEP 5

- Use the StabilStick Templates to audition design placement.
- Peel the paper backing from the template.
- Align and place templates.
  Tip: Save the paper to put the template back onto. Templates are reusable.
  Tip: Press the template on clothes to remove excess tackiness.
