General Instructions

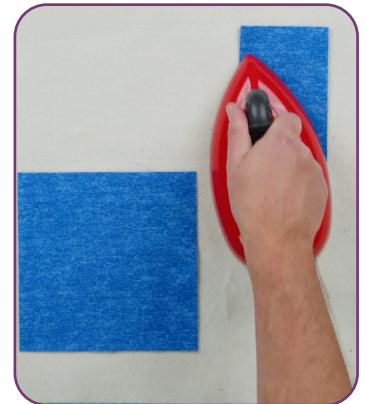

The instructions included in the collection are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown. Fabric and thread requirements will vary by design, but the general technique is the same.

All designs are stitched with matching thread, top and bobbin.

Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.

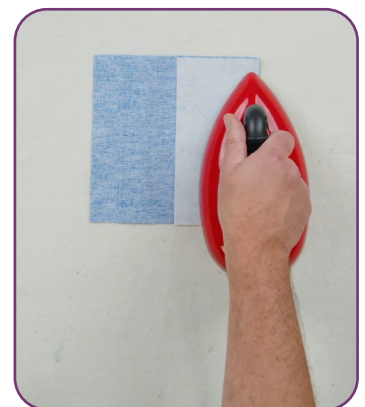

Step 1

- Press the two envelope enclosure pieces in half wrong sides together.

Step 2

- Apply Fuse and Fleece to one half of the wrong side of the envelope enclosure fabric, lining up the Fuse and Fleece with the fold of the fabric.

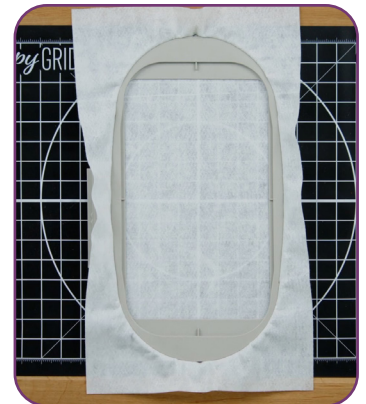

Step 3

- Re-fold outer fabrics and press.
- Set aside.

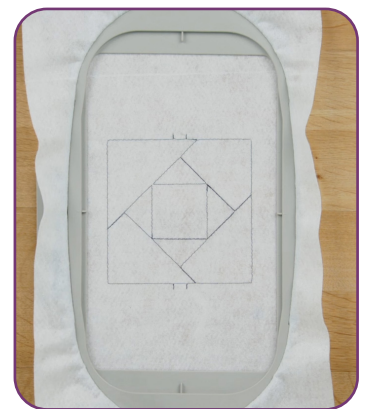

Step 4

- Hoop one layer of Fuse and Fleece, fusible (shiny) side up, for all designs.

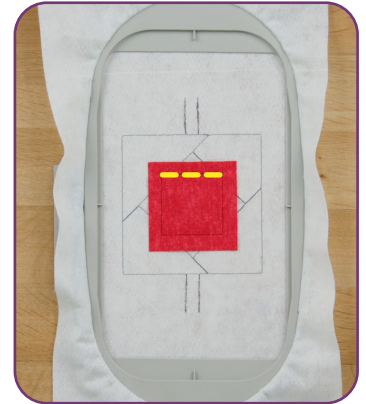

Step 5

- Load selected design into the machine.
- Example design is 12974-01.
- Thread the machine per the thread chart.
- Match the bobbin thread to the upper thread.
- Place the hoop on the machine.
- Stitch Machine Step 1, Design and Placement Guide 1.

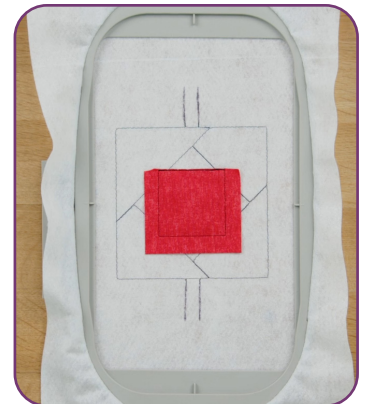

Step 9

- Stitch Machine Step 3, Placement Guide 2.

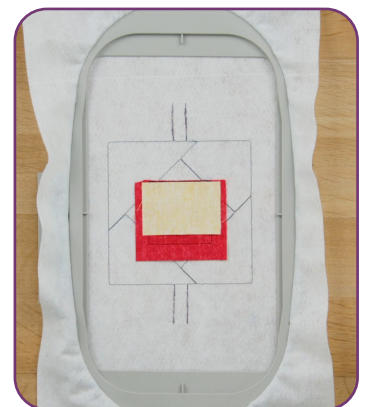

Step 10

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Trim fabric on placement line, being careful not to cut your stitching.

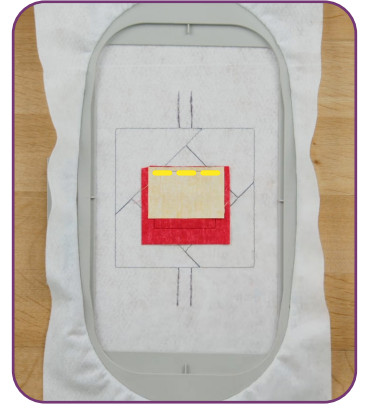

Step 11

- Line up fabric 2 with the Placement Guide 2, right side down.

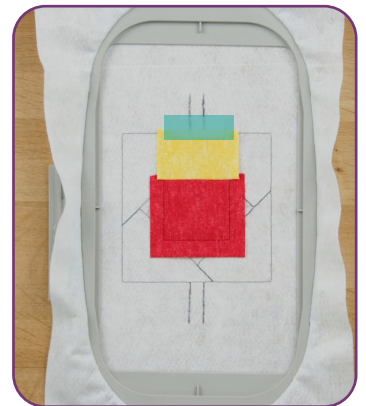

□ Step 12

- Return the hoop to the machine.
- Stitch Machine Step 4, Tackdown 2.

□ Step 13

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Fold the fabric open, finger press, and tape in place.

□ Step 14

- Repeat for remaining 7 fabric pieces.

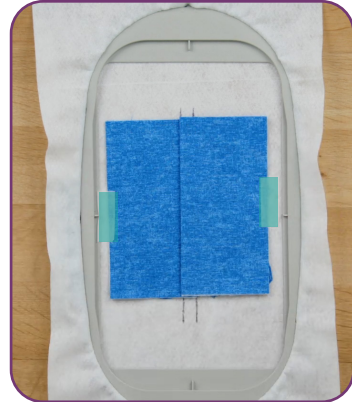

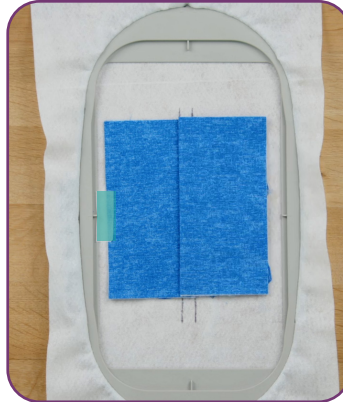

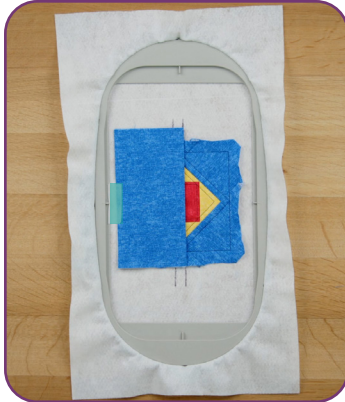

□ Step 15

- Thread the machine with matching thread in the top and bobbin.
- Stitch Machine Step 19, Quilting.
- Trim excess fabric, leaving 1/4" seam allowance outside of quilting stitch, on all four sides.

□ Step 16

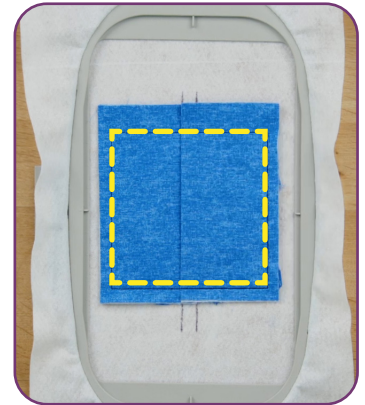

- Remove the hoop from the machine, but NOT the project from the hoop.
 - Position one of the folded fabrics (7" x 3 1/2" folded) over the left side of the design, aligning the folded edge with the right side placement line as shown.
 - Position the other folded fabric (7" x 3 1/2" folded) over the right side of the design, aligning the folded edge with the left side placement line as shown.
 - Tape in place to secure.
- TIP: By overlapping the two fabrics in the listed order will prevent the embroidery foot from catching on the overlapped edge of the fabric.

EMBROIDERY

□ Step 17

- Stitch Machine Step 20, Seam.

□ Step 18

- Remove the hoop from the machine and the project from the hoop.
- Trim the outer edges 1/4" from the seam stitch on all four sides.
- Clip each corner diagonally.

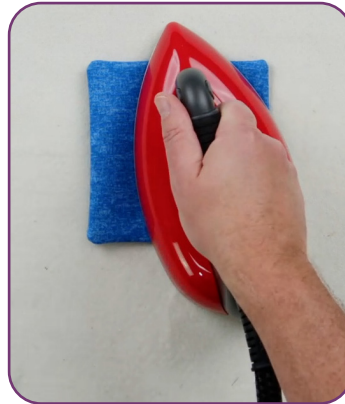

EMBROIDERY

□ Step 19

- Turn the project right side out.
- Use the Expert Point and Press Tool to push out the corners and side seams.
- Press right side down on a Perfect Embroidery Press Cloth.

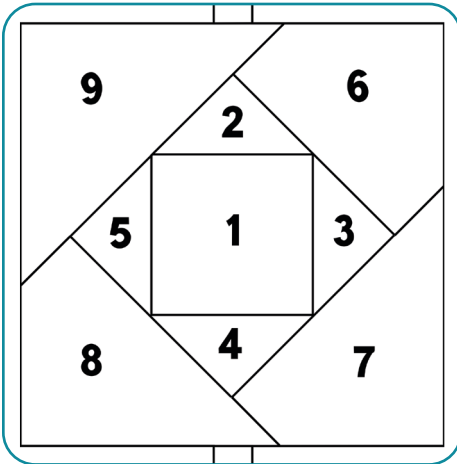

□ Step 20

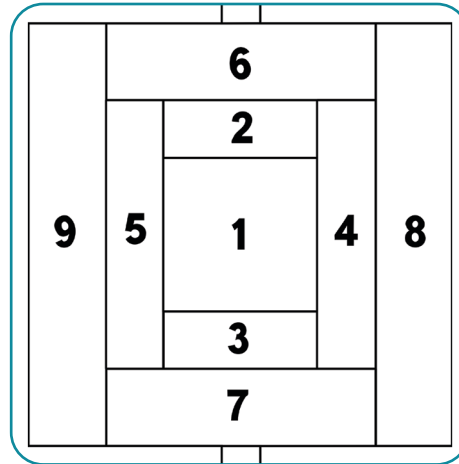

- The project is complete. Enjoy!
